SCOTTISH HAMPERS

Welcome to our 2011 -2012 Hamper & Gift Collection. Scottish Hampers was developed from a Scottish food business established in 1982, that built an excellent reputation for quality and service. Years of experience in the Scottish food industry has enabled us to find, and continually uncover, the best products from coast to coast – be it from the big names or Scotland’s small artisan producers.

At Scottish Hampers we take a modern approach to gift hampers, focused on sourcing and supplying quality food and drink products from all over Scotland. Offering a choice of traditional products alongside the best contemporary produce from around the country, we aim to cater for all tastes and styles. Please enjoy our catalogue and we look forward to being of service in the near future.

“

I recently ordered a Build your Own hamper for my Great Uncle's 90th Birthday. I just wanted to say a big thank you as he is over the moon, especially with the Whisky!!

It was so nice to be able to personalise the gift to his taste. I was also pleased that I could track the delivery of the hamper. This gave me peace of mind being on the other side of the world in Australia!
